Recognition Awards System

Celebrating Positive Habits and Growth at NSPS

At Nicholson Street Public School, we believe in recognising and celebrating students who consistently demonstrate positive behaviours, learning habits, and respectful relationships aligned with *The Nicho Way*.

Our Recognition Slip system forms a core part of our Behaviour Support and Management Plan (BSMP), reinforcing and celebrating the daily actions that help our students grow into kind, curious, and capable learners.

6 How it Works

- Teachers and staff award Recognition Slips to students who consistently uphold *The Nicho Way* through:
 - Positive behaviour and decision-making
 - Effort and persistence in learning
 - Respectful and kind interactions
 - Contribution to the school community
 - Leadership and self-regulation
- Students track their personal Recognition Slip tally, supported by their classroom teacher.
- Milestones are celebrated in Morning Lines or Assembly and featured in the school newsletter.

Whole-Class & Whole-School Challenges

 Class Milestone

The first class where every student earns 40 Recognition Slips will be rewarded with a class-chosen celebration (e.g. games afternoon, dress-up day, art experience, etc.)

• 💆 School-Wide Leader

The first student to reach 100 Recognition Slips will earn the right to choose a whole-school reward experience (to be discussed with the Principal).

This could be a disco, picnic day, free dress day, or a special event!

Why It Matters

This recognition system supports:

- Proactive behaviour management aligned with our BSMP
- A culture of celebration and shared success
- Student agency, motivation and ownership of growth
- Stronger relationships and school spirit

Every slip counts. Every effort is celebrated. Every student has the potential to lead.
